

**BRG Legend Hill Golf Resort – Where legends met to create
an amazing first in golfing experiences**

Hanoi, August 9, 2015 – BRG Group today announces the opening of BRG Legend Hill Golf Resort at Phu Linh Commune, Soc Son District, Hanoi city. This is the most highly anticipated event of the year for Vietnamese golfers.

With both happiness and excitement BRG Group Chairman, Madame Nguyen Thi Nga, said: *“We are very proud to offer this new, high quality legend golf course to golfers of all standards. Our world class golf course with twin “legend” signatures of location and golf design has been an inspiration and challenge to Nicklaus Design, Flagstick golf construction management, Z-Design clubhouse architects, GCH landscaping designs and numerous other famous international and domestic industry leaders who have participated in this project.”*

The opening of BRG Legend Hill Golf Resort is a significant milestone for the game of golf in Vietnam in efforts to satisfy the high expectations of premium golfers of all levels. As the first Nicklaus Design golf course to open in Vietnam it has drawn the World’s leading golf course design company, renowned for designing more than 390 golf courses in 41 countries, to BRG Legend Hill to offer an exhilarating “twin green” experience never before seen in Vietnam.

Madame Nguyen Thi Nga receives the special present from Mr. Jack Nicklaus and Nicklaus Design

As the first Nicklaus Design course in Asia to offer this amazing “twin green” concept players can expect to find a unique option to play to two different greens on all 18 holes. Talking about this unique feature, Mr. Paul Stringer President of Nicklaus Companies Asia Pacific said "The result will be a variety of strategic hole combinations that can be played in one 18-hole round. We have created two separate green complexes playing from one primary landing zone on each hole. From a Nicklaus team perspective the twin greens add interest, challenge, and a unique design feature to the golf course. The golf course at BRG Legend Hill Golf Resort has water, strategically placed bunkers, and is a beautiful environment in which to play golf."
